Please find below and/or attached an Office communication concerning this application or proceeding.

The time period for reply, if any, is set in the attached communication.

Continuation of Substance of Interview including description of the general nature of what was discussed: Examiner contacted applicant's representative about the reponse filed 7/23/2009. The examiner noted that the remarks stated there was a new sequence listing and specification to adress the sequence compliance rules, but no such files appeared in the file. The examiner then suggested he would sending out a communication stating there was a bona fide attempt at the response but there was a discrepancy between the remarks and the filing. Applicant's representative agreed to this mode of action.
